Dear Authors/Participants

Greetings from Macmillan Education India!

Congratulations, we are delighted to let you know that Macmillan Education India has published the Third and Fourth WCDM proceedings in hardcover books. The books are compendium of papers presented at the Third and Fourth World Congress on Disaster Management held in Vishakhapatnam in November 2017 and in Mumbai in 2019, authored by researchers, policy makers and practitioners.

The books are available with Macmillan's authorized distributors and DMICS. It will also be available on Amazon shortly. Please feel free to contact Macmillan Education India for your order

Thank you

Mr. Subodh Kumar Singh

Sr. Manager

Macmillan Education India

D-90, Sector-2, Noida-201301 (UP)

Mob: +91-9871142472

Email: subodh.singh@macmillaneducation.com

This book is a compendium of 54 papers presented at the Third World Congress on Disaster Management held in Vishakhapatnam in November 2017. Authored by researchers, policy makers and practitioners, the papers cover a wide range of themes arranged around four themes of decoding disasters, tracking disasters, responding to disasters and building resilience to disasters.

Dr S. Ananda Babu is a PhD from Osmania University (OU), India. He is a societal awareness specialist and scholar, an author and editor of numerous books including *Disaster Risk Reduction, Community Resilience and Responses*. In addition, Dr S. Ananda Babu is the Founder President of the Disaster Management, Initiatives and Convergence Society (DMICS) and the Convener of the World Congress on Disaster Management (WCDM) established in 2005. In the aftermath of the Indian Ocean Tsunami, to enhance understanding and awareness among people about the risk of various types, dimensions of disasters and the measures to be taken for reducing the risks, for better preparedness, response and recovery, the DMICS and the WCDM takes on the task of creating awareness through multi-disciplinary research, publications and multi-stake holder's consultations.

Contents

<i>Preface</i>	<i>ix</i>
<i>Acknowledgements</i>	<i>xi</i>

DECODING DISASTERS

1. Decoding Disasters: A Key to Disaster Management with Regard to India.....	3
<i>Supriya David</i>	
2. Disaster Management of Millennials as Human Resource	12
<i>Rajendra K. Bera and Sunish Raj</i>	
3. Quantifying Vulnerability: Development of a Fuzzy Pathway Based on Multi-criteria Decision-Making	23
<i>Repaul Kanji, Sonam Sahu, Abhishek Kumar, Ankur Srivastava and Rajat Agrawal</i>	
4. Problematising Disaster Risk Reduction	38
<i>Vikas Sehra</i>	

TRACKING DISASTERS

5. Macroeconomic Impact of Droughts on Indian States: A Panel Data Analysis	47
<i>Ashish Sharma</i>	
6. Drought Crisis in Rajasthan and their Management	60
<i>Verma Seema</i>	
7. Drought and Farmer Suicides in Marathwada: A Natural or Man-Made Disaster, Accountability of Its Management.....	66
<i>Nitin Dhaktode</i>	
8. Cross Border DRR on Koshi Region: Activities and Challenges.....	76
<i>Ravi Prakash</i>	
9. Socio-economic and Environmental Impacts of Flash Flood: A Study on Haor Areas in Bangladesh ..	82
<i>M. Shamsur Rahman</i>	
10. Snow Avalanche Control Measures Schemes in North-Western Himalayas.....	87
<i>Ganesh Kumar and Ajay Gairola</i>	
11. Parameters and Methodologies for Earthquake Early Warning System.....	96
<i>Pankaj Kumar, Bhanu Pratap Chamoli, Ashok Kumar and Ajay Gairola</i>	
12. Parametric Study of Seismic Slope Stability for Uttarakhand Region	105
<i>Sangeeta Prajapati and B. K. Maheshwari</i>	
13. Andhra Pradesh Model of Lightning Early Warning and Safe Grid Management System	113
<i>Col. Sanjay Srivastava</i>	
14. Disaster Specific Approaches: Nuclear, Biological and Chemical Disasters	116
<i>Bhasker Gupta</i>	
15. Disaster Management Plan for Chemical Industries	133
<i>Mukta Girdhar</i>	
16. Managing E-waste in Reducing Vulnerability and Enhancing Resilience: The Case of Bangladesh.....	139
<i>N. Nabila Hoque</i>	

17. Lessons Learned from Piping Failures from the Industries Affected during Earthquakes in India and Other Countries, So as to Prevent Repeating Mistakes..... 151
A. G. Chhatre
18. Primary Natural Hazard Risk Methodology: A Case Study of Mazar-i-Sharif City 177
Shabir Ahmad Kabirzad
19. Empirical Study and Analysis of Effect of Disasters on Humans and Agriculture Using Data Analytics..... 184
Disha Gupta and Namrata Agrawal

RESPONDING TO DISASTERS

20. Food Security through Public (Food) Distribution System in a Post-disaster Situation: A Cross-Country Comparison between Bangladesh and India (West Bengal)..... 193
Rabindranath Bhattacharyya and Jebunnessa
21. Providing Reliable Drinking Water Solutions in Times of Disaster..... 202
Vikas Shah
22. Inventory Management in Humanitarian Supply Chain: A Literature Review 206
Priyanka Saini and Rajat Agrawal
23. What Makes a Humanitarian Logistician: A Competency Based Approach 220
Yamini Meduri
24. Transitional Shelters..... 227
Kankana Narayan Dev and Amarendra Kumar Das
25. ISRO's Capabilities in Disaster Management..... 233
Kriti Khatri, Bindia Kumari and K. Shahana
26. Role Definition of Armed Forces in Disaster Relief and Response in India..... 246
A. Shajahan
27. Capabilities and Expertise of the Indian Navy in Management of Disasters 258
Cdr Sanjay Kumar, Cdr S. J. Rebeira and Cdr Govind Ballabh Yaduvanshi, NM
28. Multi-dimensional Role of Border Security Force in Disaster Management 269
Ravindra Kumar Thapliyal
29. Police as First Responder: A Global Perspective 278
Parvez Hayat
30. Disaster Grievances Registering System for Increased Resilience during Emergencies Using ArcGIS..... 293
Hasmitha Rayasam, Sarthak Tewari and Shreedatri Dey
31. Social Media and the Influence of Eyewitness Photography in Disaster Response and Recovery Operations in the Philippines..... 303
Jaypy T. Tenerife and Romalyn L. Galingan
32. India and Disaster Management in South Asia 321
Suman Sharma

BUILDING RESILIENCE TO DISASTERS

33. Resilience and Mitigation; Inevitable at the Forefront 339
Krishna Kumar Tamang
34. Evaluation of Government Approaches in Disaster Risk Reduction 344
T. P. Surya C. Rao

35. Building Resilience to Natural Disasters: Towards Sustainable Agricultural Practices in Sri Lanka	352
<i>R. Lalitha S. Fernando, M. S. Dimuthu Kumari and W. M. D. M. Dissanayaka</i>	
36. Climate Change Impact on Agriculture Sector and Vulnerability of Rice Growing Farmers in Sri Lanka	366
<i>Nayanananda Nilwala</i>	
37. A Call for Action to Mitigate the Cost of Natural Disaster in the Agricultural Sector: A Case Study	371
<i>Sanjeev Kumar Mahajan and Anupama Puri Mahajan</i>	
38. Natural Disasters in Agriculture of Bangladesh and Management Practices	383
<i>Nasim Banu</i>	
39. Disasters and Medicinal and Aromatic Plants (MAPs): Preparing Governance for Resilient MAP based Livelihoods in Uttarakhand	394
<i>Vinay Sharma, Pramod Chandra and Rajat Agarwal</i>	
40. Nuclear Disaster and Sustainability of Indian Agriculture	401
<i>Rajesh Kumar</i>	
41. Studies on the Forest Ecosystem Function of the Aravalli Hills at Alwar, Rajasthan.....	412
<i>Harish Samaria</i>	
42. Inadequate Practical Knowledge in High School Textbooks Impeding the Disaster Readiness amongst the High School Students: A Study on Bangladesh.....	421
<i>Md Zahir Ahmed and Akbaruddin Ahmad</i>	
43. Building Resilience to Disasters: UN 17 SDGs and Sendai Framework a Holistic Approach towards Poverty Eradication	433
<i>Gajadhar Choudhary</i>	
44. Disaster Management for Achieving Sustainable Development Goal in India	454
<i>J. Bhattacharjee</i>	
45. Bangladesh Media: A Strategic Player in DRR	464
<i>Akbaruddin Ahmad and Mujtoba Ahmed Murshed</i>	
46. Gender Mainstreaming for Efficient Sustainable Disaster Risk Reduction	477
<i>Tanushree Verma</i>	
47. Scope and Potential of Engendered Disaster Risk Reduction Initiatives in Chellanam Panchayat...	485
<i>Neena Joseph</i>	
48. Applying the Concept of Business Continuity Management for Resilience of Critical Infrastructure with a Focus on Health Facilities	495
<i>Eilia Jafar</i>	
49. Resilience to Disasters and Climatic Changes – A Case for a Smart Village.....	499
<i>D. Ramakrishnaiah and V. Venkatesan</i>	
50. Flood Resiliency Plan for the City of Patna	507
<i>Pallavi Mukhopadhyay</i>	
51. Disaster Risk Reduction through Community Training	521
<i>Prem Kumar Mahant</i>	
52. Urban Governance and Access to Civic Services: A Case Study of South Delhi Municipal Corporation.....	528
<i>Rumki Basu</i>	

53. Disaster Management in the North Eastern State of India with Special Reference to Mizoram...539
T. Johnson Sampathkumar and Zobiakvela H.
54. Building Resilience of Single Women in Ganjam, Odisha 545
Debabrata Patra

This is the first in the series of three-volume compendium of 56 papers, presented at the Fourth World Congress on Disaster Management held in Mumbai in 2019. Authored by researchers, policy makers and practitioners, the papers cover a wide range of themes arranged around hazards, vulnerabilities and risks of disasters.

Dr S. Ananda Babu is a PhD from Osmania University (OU), India. He is a societal awareness specialist and scholar, an author and editor of numerous books including *Disaster Risk Reduction, Community Resilience and Responses*. In addition, Dr S. Ananda Babu is the Founder President of the Disaster Management, Initiatives and Convergence Society (DMICS) and the Convener of the World Congress on Disaster Management (WCDM) established in 2005. In the aftermath of the Indian Ocean Tsunami, to enhance understanding and awareness among people about the risk of various types, dimensions of disasters and the measures to be taken for reducing the risks, for better preparedness, response and recovery, the DMICS and the WCDM takes on the task of creating awareness through multi-disciplinary research, publications and multi-stake holder's consultations.

PART I NATURE-INDUCED DISASTERS

I. Living with Floods	2
1. Hydrological Study of the August 2018 Kerala Floods <i>Abby Varghese, Meera Nair M. S., Gayathri Mohan, Midhun M. P., Anjana Thomas and Reshma J.</i>	3
2. Kerala Flood 2018: Lessons for Mitigation and Management <i>T. I. Eldho and Sreedevi S.</i>	8
3. Evaluation of Floods in Chennai and Kerala <i>Manoj Pokkriyarth, Abhirami A., Arvind M. and Bishu R. R.</i>	14
4. Flood Inundation Mapping of Kosi River and Probable Remedial Measures by Remote Sensing and GIS <i>Sampa Paik and Gupinath Bhandari</i>	21
5. Disaster Relief: A Case Study on Medical Camps during the Kerala Floods 2018 <i>Renjith Mohan, Souresh Cornet, Nicole Baker, Fabiana Spehar, Sheetal Babu, Sreelekshmi P., Krishna Gayathri M., Maneesha V. Ramesh and Nadia Bello</i>	27
6. Deficiencies in Flood Damage Assessment and Possible Improvements <i>Umesh Chandra Chaube and Deependra Dadoria</i>	34
7. A Review on Urban Flood Occurrence and Flood Mitigation Measures <i>Pranay B. Pawar and Abhaykumar S. Wayal</i>	43
8. Urban Flood Risk Analysis, Its Impacts and Mitigation Measure for Urban Flooding <i>Mayank Kumar Singh and Amit M. Deshmukh</i>	49
II. Cyclone and Coastal Zone Regulations	60
9. Tropical Cyclone Heat Potential and Intensification of Tropical Cyclones <i>Vijendra B. Sambhalwar</i>	61
10. Understanding Coastal Erosion and Human Well-being: A Study of Mousuni Island, West Bengal <i>Sharanya Chattopadhyay</i>	72

11. Vulnerability Assessment and Restoration of Cyclone-Damaged Trees in GITAM University Campus at Visakhapatnam <i>Mohan Kotamrazu</i>	83
12. Human Behavioural Features and Disaster Resilience: An Analysis Based on Cases of Cyclone Survivors in Odisha <i>Ipsita Dash and Niranjan Sahoo</i>	94
13. Role of Multipurpose Cyclone Shelter as a Disaster-Resilient Infrastructure in Digha Dadanpatrabar Coastal Belt, West Bengal <i>Sripurna Kanjilal and Gupinath Bhandari</i>	107
14. Changes in Coastal Regulation Zone Rules and Their Impacts on Coastal Areas with a Focus on Mangroves: A Case Study from the East Coast of India <i>Sindhuja Kasthala, A. Inamdar and D. Parthasarathy</i>	113
15. Impact of Coastal Regulation Zone Violation on the Coastal Environment <i>Souvik Chatterjee and Gupinath Bhandari</i>	122
16. Bangladesh Coastal Zone: A Legal Analysis <i>N. Nabila Hoque</i>	133
17. Assessing Vulnerability of Coastal Communities to Climate-Induced Hazards: The Case of Kerala, India <i>Shyni Anilkumar</i>	139
III. Earthquake Risk Assessment	147
18. Seismic Microzonation Studies of Srinagar, Garhwal, India <i>P. K. S. Chauhan, Abha Mittal, Gayatri Devi and Zamir Ahmad</i>	148
19. Integrated Geological and Geoinformatics-Based Seismic Hazard Zonation for South Andaman Region and Development of Web-Based ANDMNSEISMOIS Tool <i>R. Sivakumar, Snehasish Ghosh and S.S. Sridhar</i>	155
IV. Landslide Hazard Zonation	164
20. Landslide Risk Assessment in Parts of Higher Himalaya, Uttarakhand: A Post-Kedarnath Disaster Approach Using Earth Observation Inputs <i>Pankaj Kumar, Shovan L. Chatteraj, Sweta Kumari, Bhavana Ghildiyal, P. K. Champati Ray and Anupam Mital</i>	165
21. Landslide Hazard Zonation Using Object-Based Image Analysis for Chenab Valley in Jammu and Kashmir, India <i>Abhijit S. Patil, B. K. Bhadra and S. S. Panhalkar</i>	180
22. Linking Hazards of Landslide and Urban Flood in the North-East Himalayan Region <i>Tanaya Sarmah and Sutapa Das</i>	199

23. Landslide Investigation Using Electrical Resistivity Tomography: A Non-invasive Technique	208
<i>Philips OmowumiFala, Debi Prasanna Kanungo, P. K. S. Chauhan and Rajesh Kumar Dash</i>	

24. Soil Erosion Modelling and Its Impact on Landslide Vulnerability: A Correlation Study on Rampur Tehsil, Himachal Pradesh	213
<i>C. Prakasam, R. Aravinth and Maj Gen B. Nagarajan</i>	

V. Drought Risk Management 224

25. Assessment of Agricultural Drought in Alwar (Rajasthan) Using Vegetation Condition Index (VCI) and Standardised Precipitation Index (SPI)	225
<i>Harish Samaria</i>	

26. Analysing the Water Balance for Drought-Prone Regions of Marathwada, India	232
<i>Richa Dhawale, Saikat K. Paul and Jeeno Soa George</i>	

27. Framework for Drought Vulnerability Analysis: Micro-Level Study of Selected Villages in Datia and Lalitpur Districts, Bundelkhand Region, Central India	238
<i>Sreeja S. Nair, Anil K. Gupta and M. S. Nathawat</i>	

28. Drought Response and Relief by “Jaldoot Express”: A Case Study of the Latur Drought 2016	251
<i>Sakeb Abdul Hakim Osmani and Pramod Patil</i>	

29. How Long Will We Like a Good Drought? Perspectives and Alternatives to Address Drought in Odisha	261
<i>Debabrata Patra</i>	

PART II HUMAN-INDUCED DISASTERS

VI. Climate Change 270

30. Hydrological and Ecological Impacts of Land Use/Land Cover and Climate Change to Mitigate Extreme/Disaster Events in the Western Ghats River Basin, India	271
<i>Rakesh Kumar Sinha and T. I. Eldho</i>	

31. Impact of Anthropogenic Climate Change in Desertification: In the Context of Impoverishment and Migration	278
<i>Mehul Padharia</i>	

32. Climate Change, Disasters and Security Issues: Concerns and Implications for India	282
<i>Sunil Kumar Chaudhary</i>	

33. Early Warning Systems in an Era of Climate Change and Innovation	292
<i>Jeremy M. Collymore</i>	

34. Role of Public Perception in Climate Change in India <i>Vaishani Kapoor and Vandana Yadav</i>	297
35. Individual Behaviour and Perceptions in Disaster Management and Climate Change Adaptation: A Literature Review <i>Shiva Sai Kiran Pothula</i>	305
VII. Technological Disasters	312
36. CBRN Incident Management <i>Col Ram Athavale</i>	313
37. Peril of Uranium Mining – An Emerging Disaster: A Case Study of East Singhbhum, Jharkhand <i>Priya Namrata Topno</i>	318
38. Urban Fire Risk Assessment <i>Priya Singh, Chandra S. Sabnani and Vijay S. Kapse</i>	327
39. Numerical Studies on Development of Fires Inside the Large Size Enclosure <i>Deepak Sahu, Jaspreet Chawla and Sangeeta Garg</i>	335
40. An Effective and Way Forward Approach for Road Safety Acquisition of Knowledge: Correlative Study for Patna <i>Sunil Kumar Chaudhary</i>	344
VIII. Other Disasters	351
41. Chir Pine and the Forest Fires <i>Hari Krishna D. V., J. P. Maithani and Taniya Bhatt</i>	352
42. Developing a Methodology for Estimation and Mapping of Air Pollution Disaster Risk Based on Social Vulnerability <i>Gouri M. Nair and Mohammed Irshad</i>	363
PART III	
DISASTER RESPONSE	
IX. Disaster Response	374
43. Robust and Effective Disaster Response Force to Enhance Disaster Resilience in India <i>Brigadier Kamal Singh Chauhan (Retd)</i>	375
44. Effectiveness of TOT Workshop on Psychosocial Care in Disaster Management for National Disaster Response Force Personnel <i>Aravind Raj Elangovan, Ajinder Walia, James Ranjith P., Rajamanikandan S. and Sekar K.</i>	384

45. Search, Rescue and Evacuation: Present Status and Future Needs <i>Col Bhasker Gupta</i>	391
46. Use of Emergency Departments in Turkey: Appropriate or Not <i>Abdülkadir Gunduz, Murat Topbaş, Ayla Gursay, Ozgur Tatli, Ozgen Gonenc Cekic, Hava Semra Vuran, Perihan Simsek and Mustafa Cicek</i>	404
47. Emergency Preparedness Plan for Explosives Processing Area <i>VSHRC Raju, R. Ramesh Kumar and T. Subbananthan</i>	409
48. Development of a Device for Rescue Operation in Borewell Accidents <i>Tapash Jyoti Kalita</i>	417
49. Theoretical Framework Using Gamification for Stakeholder Engagement in Disaster Operations <i>Abhishek Behl and Pankaj Dutta</i>	422
50. Escalating the Effect of Search Rescue and Evacuation in Disaster by Information Provisioning <i>Bharathi Ramudu, Malay Nema, Lakshmish Nayak, Ambily P. and Pawan Kumar Sah</i>	432
51. Design and Fabrication of Mini Kinematic Legged Robot for Critical and Rescue Conditions <i>Danda Parthasarathy Reddy, Judewen Xavier S., Kishore J., Sundarasetty Venkatesh, R. Kaja Bantha Navas and S. Prakash</i>	440
52. Search, Rescue and Evacuation: Psychology, Criminology and Victimology Perspectives <i>Rikza Imtiyaz</i>	445
53. Optimisation of First Response Time in Fire Rescue Operations <i>Parth Loya, Nagendra R. Velaga, Arnab Jana and Sharath M. N.</i>	452
X. Role of the Armed Forces	462
54. Intervention of Indian Armed Forces in Operational and Non-operational Scenario during a Disaster in India <i>Rhythm Mathur</i>	463
55. Role of Armed Forces in Disaster Management in India: What Does This Mean in the Context of Specialised Institutions and Response Forces (NDRF and SDRFs) created by the DM Act of 2005 <i>A. Shajahan</i>	473
56. Role of Armed and Other Forces during Disasters <i>Parvez Hayat</i>	483

This is the second in the series of three-volume compendium of 61 papers, presented at the Fourth World Congress on Disaster Management held in Mumbai in 2019. Authored by researchers, policy makers and practitioners, the papers cover a wide range of themes arranged around impacts of disasters and risk governance.

Dr S. Ananda Babu is a PhD from Osmania University (OU), India. He is a societal awareness specialist and scholar, an author and editor of numerous books including *Disaster Risk Reduction, Community Resilience and Responses*. In addition, Dr S. <i>Preface</i>	<i>xi</i>
<i>Acknowledgements</i>	<i>xiii</i>
I. Education and Disaster	1
1. Post-disaster Crisis in Education Sector: How Best Can We Resolve <i>Ashraf Al Deen</i>	2
2. Restructuring Disaster Education in India: The Way Forward <i>Pragati Pandey</i>	7
3. Children, Education and Disaster Risk Reduction: Investing Towards a Risk-Resilient Future <i>Naghma Firdaus</i>	14
4. Resilient Universities for Resilient Communities <i>Jeremy Collymore</i>	25
5. Disaster Education among Children: A Study to Assess Awareness on Disaster Education in Schoolgoing Children in Kashmir (J&K) <i>Rameez Ahmad Sudhan and Aaliya Fazal Beigh</i>	35
6. Integrated and Sustainable Risk Reduction in Education Sector: A Practical Approach towards Home-to-Home Safety of School Children <i>Nakul Kumar Tarun and Tanushree Verma</i>	43
II. Health and Disaster	54
7. India's Response to Healthcare Needs in the Backdrop of Calamities and Outbreaks: Building Resilient Healthcare Systems <i>Abhijeet Mishra and Anuranjika Mishra</i>	55
8. Disasters and Exemplified Vulnerabilities in a Cramped Public Health Infrastructure in India <i>Baljeet Kaur</i>	62
9. Expeditious Response to Epidemics: The Chronicle of Nipah in Kerala <i>Ashique Vadakkuveettil, Salih Madathil, Rohini Venugopal Menon, Leo George, Ashish Kumar, Sandip Mondal, Dinabandhu Mahata and Monib Ahmad</i>	69
10. Fighting Preventable Diseases: Vaccination Schemes for Refugees in the 10 Major Host Countries <i>Julia Steinle</i>	77
11. Integrated Health, Social and Economic Impacts of Disaster and Assessment and Awareness on Disaster Management in Uttar Pradesh <i>Prof Sandeep Tiwari, Dr Rajeev Misra, Surendra Kumar Bharti, Tatheer Fatima and Shashi Mala Tiwari</i>	82

12. Effect of an Intervention on Knowledge among Nurses Regarding Their Role in Disaster Management: A Tertiary Care Centre Study	89
<i>Sandhya Ghai, Mahendra Kumar, A. K. Gupta, Kajal Jain, Shweta Talati, Sukhpal Kaur and Manju Dhandapani</i>	
13. Knowledge among Nursing Students on Zika Preparedness	99
<i>Vasundhara S. Nair, Kasi Sekar and Priya Treasa Thomas</i>	
III. Economy and Disaster	106
14. Disaster Preparedness for Standing Crops and Irrigation Water during Drought Spells	107
<i>Rajiv Gupta and Soumya Kar</i>	
15. Impact of Wastewater from Outfalls of River Ganga on Germination Percentage and Growth Parameters of Bitter Gourd (<i>Momordica Charantia</i> L.): A Slow Onset Disaster	114
<i>Sayanti Kar, Amitava Ghosh, Pritam Aitch and Gupinath Bhandari</i>	
16. Effect of Temperature Dynamics and Subsequent Changes of Vegetation Coverage on the Vulnerability of Indian Sundarban Region	123
<i>Papia Guha, Pritam Aitch and Gupinath Bhandari</i>	
17. Assessing Risks Associated with Various Stakeholders of Grape Supply Chain Management That Arise Due to Disaster Events	134
<i>Tajane Priyanka</i>	
18. Leaving No One Behind: Inclusion of Animals in Disaster Management	139
<i>Tajane Priyanka</i>	
19. CSR Practices and Disaster Risk Reduction: A Critical Observation of Medium-Scale Industries	146
<i>Niranjan Sahoo</i>	
20. Risk Perception of Tourists towards Destinations Prone to Natural Disasters: A Case Study in Parts of the Uttarkashi-Gangotri Region	156
<i>Taniya Bhatt</i>	
IV. Gender and Disaster	165
21. Role of Social Capital in Building Disaster Resilience: Special Focus on Gender	166
<i>Akanchha Singh</i>	
22. Heat Waves and Their Impact on Women: The Case of Women Workers in the Streets of Mumbai	173
<i>Rashika Saini</i>	
23. A Gender Perspective on Disaster Risk Reduction	182
<i>K. Sowmya</i>	

24. Gender-Based Issues in Disaster Management Training in Palghar District <i>Vivekanand V. Kadam</i>	189
25. The Due Dynamics of Disaster Risk Perceptions and Gender Roles: A Case Study of Rudraprayag District after the Uttarakhand Disaster of 2013 <i>Aditi Sharma and Santhosh M. R.</i>	198
26. Women's Hygiene and Sanitation during and after the Kerala Floods of 2018 <i>Geena Prasad, Lina Rahouma, Anju Maria Mathew, Anna Annie Jacob, Anuja K. Menon, Maneesha V. Ramesh, Renjith Mohan, Souresh Cornet and Nadia Bello</i>	204
V. Children and Disaster	211
27. Experiences and Prospective for Addressing Child Malnutrition through Community- Based Management of Children with Acute Malnutrition (CMAM): Case Studies of Rajasthan and Odisha <i>Anu Bothra and Sarita Sundari Rout</i>	212
28. Looking Beyond Disasters: Reflections on Impact of Disasters and Resilience among Children Affected by Floods in Ernakulam, Kerala <i>Reny Rajan and Akhil Kuriakose</i>	221
29. Social and Psychological Impacts of Natural Disaster on Children: 2018 Kerala Floods <i>Geena Prasad, Sarah Muncaster, Michelle Fedorowich, Nithya Rajesh, Anuja Viswanathan, Anjusree S. Nair, Maneesha V. Ramesh, Renjith Mohan, Souresh Cornet and Nadia Bello</i>	225
VI. Disability and Disaster	234
30. Inclusion of Physically and Mentally Challenged Persons in Disaster Risk Reduction and Management <i>Priti Dilirao Pohekar</i>	235
31. Safeguarding People with Disability at Kumbh Mela (The Festival of the Sacred Pitcher) <i>Kakoli Saha and Rachna Khare</i>	244
VII. Disaster and Communities	252
32. The Interplay of Social and Economic Factors Shaping the Vulnerability of Communities to Natural Disasters: A Case Study of Alappuzha District, India <i>Souresh Cornet, Jeeniraj Thevasagayam, Michelle Esau, Sreelakshmi C. A., Amrita Manoj, Harsha S. Harikumar, Maneesha V. Ramesh, Geena Prasad and Nadia Bello</i>	253
33. Taking Everyone on Board <i>Amelie Yan-Gouiffes</i>	263
34. Eroding Lives of the Musahars: Lived Experiences in the Context of Flood and Riverbank Erosion in Bihar <i>Siji Chacko</i>	266

35. Flood and Its Impact on the Livelihood of Daily Wage Labourers: A Case Study of the 2017 Flood in Dahuabari Village of Araria District, Bihar <i>Santosh Kumar</i>	277
36. Community Resilience and Disaster Management in India: A Study of Fishers <i>Swarnamayee Tripathy</i>	286
37. Community Participation in Railway Disasters <i>Manoj Sharma, D. Satyanarayan and Jude T. Aldons</i>	295
38. Investigating Socio-ecological Systems for Gaining Resilience in Rural Settlements <i>Shruthi Dakey and Sameer Deshkar</i>	307
39. Applying a Socio-ecological Perspective for Fostering Resilience in Rural Settlements of the Melghat Region <i>Vibhas Sukhwani and Sameer Deshkar</i>	321
40. Vulnerable Settlements and Responses Corollary to Natural Disasters <i>Govind N. and Lakshmi K.</i>	334
41. Chance Dependency Syndrome in Disaster-Prone Masses <i>Ambrish Prakash Pandey</i>	340
42. Role of Volunteers in Building Disaster Resilience: Learnings from the Kerala Floods of August 2018 <i>Renu Raj</i>	347
VIII. Disaster and Culture	355
43. Researching Disaster from a Cultural Perspective: Insights into Disaster Meaning-making <i>Sara Talitha Merkes</i>	356
44. Irrational Cultural Binds in the Wake of Recent Natural Disasters in South India <i>Rohith Unnikrishnan and Eldhose Varghese</i>	365
IX. Disaster and Governance	371
45. Gaps and Challenges of Coastal Risk Governance in India: A Meta-Analysis <i>Karumoju L. N. Sridhar Achari, Dr Sameer Deshkar, Shruthi Dakey and Manish Kulkarni</i>	372
46. Strengthening Governance through Government-to-Government (G2G) Framework to Better Communicate among Government Agencies for Effective Disaster Risk Management in Nepal <i>Shyan Kirat Rai, Krithi Ramamritham and Arnab Jana</i>	381

47. Leveraging Existing Institutional Capacities for Strengthening Disaster Management: A Study on the Potential of India Post <i>Prem G. Prakash</i>	392
48. Mainstreaming of Disaster Risk Reduction in Development Projects in India: Nexus between Policy Proclamation and Implementation <i>Akanksha Pandey, Janvi Gandhi Kanakia and Janki Andharia</i>	404
49. Rain Basera: A Reflection of Balance of Power between Executive and Judiciary <i>Priya A. Sondhi and Saranya Mishra</i>	415
50. Game-Theoretic Model-Based Resource Allocation during Floods <i>Rudrashis Majumder, Rakesh R. Warier and Debasish Ghose</i>	423
51. Multi-dimensional Approaches in Sri Lanka: National Policy on Disaster Management in Action <i>Akbaruddin Ahmad, Md Zahir Ahmed and H. D. M. Kaushalya Geethamali</i>	432
52. Governmental and Non-governmental Collaborative Efforts in Disaster Management: An Experience from Uttarakhand <i>Aditi Tyagi</i>	454
53. Turnaround of Disaster Management in Bihar: A Critical Appraisal <i>Sunil Kumar Chaudhary</i>	465
54. Capacity Building for Earthquake-, Cyclone- and Flood-Resistant Constructions: A Revolutionary Mitigation Approach <i>Sunil Kumar Chaudhary</i>	476
55. Commencement of Change <i>Prasad Sankpal</i>	486
56. Budgetary Insu-Resilience: A Sustainable and Disaster Resilience for All GDP Losses Countries <i>Gajadhar Choudhary</i>	493
57. Collaborative Governance for Disaster Management: Linking Academic Institutions, Civil Society and Government in Alappuzha during the Kerala Floods of 2018 <i>Narayanan N. C., Sridhar A., Nithin Benjamin, Jibin Louis and George Fernandez</i>	512
X. Disaster Recovery	521
58. Post-disaster Analysis on Rebuilding Livelihoods <i>V. Abinaya and S. Divya Rajeshwari</i>	522

59. Structuring Participation in Post-disaster Housing Reconstruction: A Case Study of the 2013 Uttarakhand Floods 524
Niti Mishra
60. Comprehensive Understanding of Critical Human Infrastructure Leads to Sustainable Disaster Recovery: Case Studies from Successful Flooding Resilience, Earthquake–Tsunami Disaster Emergency Response and Post-hurricane Damage Assessment 536
Kedar Bhuskute, Tushar Kulkarni and Gunjan Shetye
61. Food Security Assessment at Household Level in Rudraprayag District of Uttarakhand 545
Priyanka Tyagi and Ravindra K. Pande

This is the third in the series of three-volume compendium of 48 papers, presented at the Fourth World Congress on Disaster Management held in Mumbai in 2019. Authored by researchers, policy makers and practitioners, the papers cover a wide range of themes arranged around technology, infrastructure and resilience of urban systems.

Dr S. Ananda Babu is a PhD from Osmania University (OU), India. He is a societal awareness specialist and scholar, an author and editor of numerous books including *Disaster Risk Reduction, Community Resilience and Responses*. In addition, Dr S. Ananda Babu is the Founder President of the Disaster Management, Initiatives and Convergence Society (DMICS) and the Convener of the World Congress on Disaster Management (WCDM) established in 2005. In the aftermath of the Indian Ocean Tsunami, to enhance understanding and awareness among people about the risk of various types, dimensions of disasters and the measures to be taken for reducing the risks, for better preparedness, response and recovery, the DMICS and the WCDM takes on the task of creating awareness through multi-disciplinary research, publications and multi-stake holder's consultations.

PART I TECHNOLOGY FOR DISASTER MANAGEMENT

I. Remote Sensing and GIS	2
1. Identification of Groundwater Potential Zones Using GIS – Drought Mitigation Measure: The Case Study of Mettur, Salem District <i>C. Prakasam and Saravanan R.</i>	3
2. Earthquake Displacement Mapping Using Interferometric Synthetic Aperture Radar Data <i>Divya Sekhar Vaka and Y. S. Rao</i>	10
3. Soil Desertification Severity Modeling for Dharmapuri District of Tamil Nadu Using Microwave Remote Sensing Techniques <i>Shoba Periasamy</i>	14
4. LiDar-Based Land-Water Boundary Identification during Floods <i>Susheel Balasubramaniam, Abhishek Kashyap, Sachin Shriwastav, Rudrashis Majumder, Sai Abhinay N. and Debasish Ghose</i>	24
5. Monitoring Terrestrial Resources Using Sentinel-2A Satellite Data for Natural Resource Management: A Case from Hiran Basin, Gujarat, India <i>Rahim Dobariya</i>	31
6. GIS-Based Relational Weather Forecasting System (RWFS) at Taluka Level <i>Nongmaithem Bragy Singh, Hari Krishna Dv, Abhishek Banerjee and Rajnish Ranjan</i>	43
II. Drones and UAVs	55
7. Detection and Tracking of Land-Water Boundary in Flooded Regions Using UAV-Based Images <i>Sachin Shriwastav and Debasish Ghose</i>	56
8. Drones: A Crucial Tool for Disaster Management <i>Ankit Mehta, Amit Thokal and Primrosetina M.</i>	65
9. Searching for Survivors in a Flood Scenario Using UAVs and Ground-Based Observers <i>Rahul Ravichandran, N. Sai Abhinay, Debasish Ghose and Kaushik Das</i>	71

III. AI, Cloud and Networks	80
10. Artificial Intelligence-Based Disaster Response Systems <i>Rabindra Lamsal and T. V. Vijay Kumar</i>	81
11. Location of Most Vulnerable Houses to Cyclone in Coastal India through Cloud Computing Technology <i>K. Sasikala, P. Harikrishna and S. Thamarai Selvi</i>	89
12. DeepDisasterNet: High-Performance Computing-Driven Rapid Disaster Response Network <i>Abhishek V. Potnis, Surya S. Durbha, Rajat C. Shinde and Pankaj D. Tarone</i>	95
13. Social Media: A Helping Platform in Emergencies and Disaster Management – A Case Study Based on Mumbai Rain, 2017 <i>Puja Banerjee</i>	101
14. Utilising Online Social Media for Coordinating Post-disaster Relief in Indian Cities <i>Moumita Basu, Arnab Jana and Saptarshi Ghosh</i>	109

PART II

MAKING INFRASTRUCTURE RESILIENT

IV. Buildings and Other Constructions	121
15. Study as per IS Code Provisions for Safe and Economical Structural Steel Sections <i>Prabhat Kumar Soni, Prakash Sangamnerkar and S. K. Dubey</i>	122
16. Pre-engineered Steel-Foam Concrete Composite Panels for Seismic-Resistant Low-Rise Buildings <i>Prabha P., Palani G.S. and Lakshmanan N.</i>	128
17. Prevention of Liquefaction Disaster Using a Novel and Eco-Friendly Approach <i>Aishwarya T. and Ashish Juneja</i>	135
18. An Improved CSMM-Based Simulation Model for Analysis of RC Panels under Cyclic Shear Loading <i>Vijay Kumar Polimeru and Arghadeep Laskar</i>	142
19. Towards Sustainable Soil Stabilisation by Utilising CCR in Treatment of Expansive Soils <i>Ashish Juneja and Shrikant Shinde</i>	151
20. Cost-Effective Base-Isolation System for Earthquake-Resilient Structures <i>Awanish Kumar, Aditya Jhunjunwala, Siddharth Keshan, Farbod Pakpour, Ravi Sinha and Constantin Christopoulos</i>	162

21. Building Design Strategies to Mitigate Flooding Disasters <i>Dhanashri Mirajkar</i>	172
22. Role of Civil Engineers in Disaster Mitigation <i>Sunil Kumar Chaudhary</i>	181
V. Power Infrastructure	197
23. Disaster-Resilient Infrastructure in City-Based Power Utility <i>Asoke Chakraborty and Sukanta Basu</i>	198
24. A Grid-Connected PV Module with MPPT and VSC <i>Umakant Tivari and Joyashree Das</i>	202
VI. Dams and Reservoirs	210
25. Hydrologic Considerations in the Safety of Dams <i>U. C. Chaube, C. Garg and A. Babu</i>	211
26. Deep Tunnelling for Underground Storage in Jointed Rock Mass <i>Ashish Juneja and Kota Vijay Kiran</i>	220
VII. Other Infrastructure	231
27. Post-flooding Infrastructure Resiliency: An Endless Fight <i>Nurashikin Mohammed and Rodger Edwards</i>	232
28. Amphibious Construction in Kerala: Translational Engineering Perspective <i>Nanma Gireesh and Suja R.</i>	239
29. Re-locatable Aerostat System for Swift Deployment of Communication Equipment in Disaster-Struck Zones <i>Chetan Dusane and Rajkumar S. Pant</i>	250
30. Technological Interventions to Make Urban Transport Reliable Evacuation Transport in Case of Natural Disaster <i>Veer Singh and Nakul Kumar Tarun</i>	257
PART III RESILIENT URBAN SYSTEMS	
VIII. Making Cities Resilient	265
31. Assessment of Life Satisfaction in Slum Rehabilitation Housing in Developing Countries <i>Ronita Bardhan</i>	266

32. Increasing Vulnerability to Disasters in Lal Dora Areas in Delhi: A Study in Administrative Accountability and Disaster Governance	278
<i>Natasha Goyal</i>	
33. Addressing Disaster Risk Reduction through Urban Planning: A Pro-active Approach	286
<i>Vandana Singh and Sheuli Mitra</i>	
34. Role of Rural-Urban Linkages in Resilience: Indicator-Based Approach	293
<i>Manish Kulkarni, Sameer Deshkar, Shruthi Dakey and Karumoju L. N. Sridhar Achari</i>	
35. Modern Social Change and Rapid Urbanisation: Its Causes and Challenges on Disaster Risk Management	303
<i>Kanagaraj S. and V. Priya</i>	
36. An Analysis of Night Shelters (Rain Basera) in the Context of Sustainable Development Goal 13 (Target 13.1)	313
<i>Priya Akash Sondhi, Akash Sondhi and Astha Mehta</i>	
37. Waste Management for “Resilient Cities”: Comparison of Pre- and Post-disaster Concerns	324
<i>Bindu Aggarwal and Anil K. Gupta</i>	
38. Flood Management in Indian Cities: Challenges and New Paradigms	336
<i>Pavatharani Palanisamy and Er. Shyni Anilkumar</i>	
39. Transport Emission Reduction: Building Resilient Neighbourhoods	346
<i>Arnab Jana and Krishnan Narayanan</i>	
40. Planning of Alternative Street Routes in Urban Areas during Floods	355
<i>Abhishek Kashyap and Debasish Ghose</i>	
41. Resilient Cities and Human Settlements	362
<i>Simran Pal Kaur and Goutham Raj K. J.</i>	
IX. Resilient Mega Cities	368
42. Household Location, Land Use Changes and Monsoon Rainfall Impact on Disaster Risks in Informal Settlement: A Case Study in Kolkata City, India	369
<i>Dinabandhu Mahata and Sulochana Shekhar</i>	
43. The Degradation of Urban Environment in Mulund, Mumbai: Identifying the Gaps in Residents’ Expectation and Policy Implementation	377
<i>Sujayita Bhattacharjee</i>	
44. Geospatial Analysis of Disaster Management in Greater Mumbai: Perceptions and Expectations of the Locals	384
<i>Pallavi Bagewadi and Dipti Mukherji</i>	

-
45. Towards Smart and Sustainable Cities: Demonstrating the Role of ICT in the Context of Fire Events in Indian Cities – The Case of Mumbai 394
Shyan Kirat Rai, Arnab Jana and Krithi Ramamritham
46. Diagnosing the Mumbai Floods by Integrating Technical and Political Economy Approaches: Interdisciplinary Analysis of the Failure of the Storm-Water Drainage System of Mumbai 404
Subodh Wagle and Arpit Arora
47. Conceptualising 2Rs: Risk and Resilience – The Case Study of Mumbai 416
Garima Khera
48. Flood Hazard and Vulnerability Assessment of a Mega Urban Coastal City: A Case Study 427
P. E. Zope and T. I. Eldho
