MESSAGE

I am happy to know that Disaster Management Initiatives and Convergence Society (DMICS) Hyderabad would be organising the fifth World Congress on Disaster Management (WCDM-2020) in New Delhi during 9-12 December, 2020 in collaboration with Indian Institute of Technology Delhi, National Disaster Management Authority, National Institute of Disaster Management and several other institutions.

Scientists, engineers, researchers, policy makers and practitioners from around the world would attend this event to discuss some of the critical issues of building resilience to disasters. This would provide excellent opportunities to all stakeholders to meet and interact with global thought leaders for finding solutions to some of these challenging issues of our time.

I wish this event a great success.
